

Welcome
to Year
3

From Miss Burrell

About me...

Hi everyone,

I would hope by now you all know me, but I still wanted to send this to tell you how excited I am to continue our learning journey together! You have been amazing Year 2s, but the sky is the limit in Year 3!

Things I love about Year 3...

Our topics are awesome! We get to learn about the Stone age to the Iron age, volcanoes and earthquakes as well as the Ancient Greeks!

We will be reading some terrific texts, building on our marvellous maths skills and the science learning is super! I am so excited for our RE topics too!

We also get to start learning French!

Did you know that I love it so much that this is the 5th time I have taught in Year 3?!

I love planning exciting things for us to do together, but when I'm not teaching you I love reading, walking and playing games with my family!
